### Our Legacy Artist

Alan Riley was one of the original founders of the Arts of Kenmore. He taught high school art, was a prolific artist, and left a considerable art legacy. Much of this legacy was gifted to the Arts of Kenmore such that the sale of his work would be an ongoing source of income for Arts of Kenmore in the years to come.

You will be treated to a sneak preview of some of his work at the Kenmore Art Show. A show of his work will take place at the City Gallery in September and October.
